BOARD OF TRADE.

Business Meeting of the Directors Held Last Evening.

The Board of Trade met last night in the Masonic Temple room. A most pleasant meeting it proved to be, aside from the social joys the members get, there is a business accomplishment doing great things for Mayville.

Three things of local importance were discussed and disposed of last night.

The first was the hearing of the Committee appointed some weeks ago to raise funds, \$700, to assist in bringing a shoe factory here. Only \$100 is yet needed and the Committee is assured they will have no trouble in having subscribed this amount. Mayor Shilcup, Captain Pfister and James W. Fitzgerald will round up Monday.

The second feature of prominence was the communication from Congressman Pugh, giving to the Board in pamphlet form the favorable reports of the Chief Engineer of United States Army of the Ohio river, asking Congress to appropriate \$2,000 to build levees at the mouth of Limestone creek.

Attached to the report is a brief but comprehensive history of Mayville.

The last item was the Tobacco Fair. The date is Monday, January 21st, 1901. Some \$200 will be given in premiums to the tobacco growers who can exhibit, all dealers barred absolutely.

Gray to Cure Croup.

Mr. R. Gray, who lives near Amelia, Duchesne county, N. Y., says: "Chamberlain's Cough Remedy has been the best I have ever used. It is a true child's remedy for croup and never fails to cure. When given as soon as the child becomes hoarse, or even after the cough has developed, it will prevent the attack. This should be borne in mind and a bottle of the Cough Remedy kept at hand ready for instant use as soon as these symptoms appear. For sale by J. J. Wood & Son, Drugists."

For Xmas presents go to Chenoweth's.

TOBACCO FACTORY.

Why Not Establish One Here After the Next Fair?

SOME VERY GOOD SUGGESTIONS.

On January 1st, 1901, our Shoe Factory will be in operation. This we have accomplished.

For more than a year we have been agitating the matter of a plug tobacco factory in Mayville. The matter of obtaining factories for our city rests entirely with the citizens of Mayville.

If we desire factories, we can get them; they are not coming to us without we give them an invitation and encouragement.

The plans for the approaching Tobacco Fair are such as to bring into our midst the manufacturers of Cincinnati, Louisville, St. Louis, and probably of Eastern cities, for the purpose of seeing the character of tobacco which will be exhibited here. The warehousemen of Louisville meet Cincinnati, and the buyers for same, will be here in force on that day.

It is expected that every tobacco raiser in the country of Mason will be especially interested in making the Tobacco Fair of 1901 a great success.

It is expected that every farmer in the tobacco counties, and in many counties more remote from this city, and also from the state of Ohio, will be interested and will be competitors at the Tobacco Fair.

The greater the interest and enthusiasm awakened for the purpose of making this enterprise a success, the greater will be the interest taken by the manufacturers, warehousemen and buyers from other points. Let each citizen deem it a privilege to be able to contribute his share toward this end, and incidentally towards bringing to our city persons who are interested in starting a tobacco factory. If you have friends who are engaged in this business, invite them to come to Mayville and see all the facilities we offer for the purpose of manufacturing plug tobacco.

A few years ago the cotton, which was grown in the Southern states, was manufactured in the East. At the present time, the manufacturing of cotton is carried on very largely in the South. The reason for this is obvious: the raw material is there ready for use; it can be manufactured as cheaply there and shipped to any point in the country without having to be transported the process of being transferred from one section of the country to the other in order to be manufactured. Why cannot the product of Kentucky be manufactured in the city of Mayville?

What Mayville lacks is a manufacturing establishment which will employ her citizens, and keep our ambitious and industrious young men at home. This will build up our city in property and wealth. Let us be unanimous in our efforts to make the Tobacco Fair of 1901 a success and bring to our city the Plug Tobacco Factory. We already have buildings admirably suited for such a purpose.

JOHN DULEY.

THE MODERN METHOD.

Has found that her little ones are improved by the use of Chamberlain's Cough Remedy, when in need of the laxative effect of a gentle remedy, that any child enjoys it and it benefits them. The true remedy, Syrup of Sarsaparilla, is manufactured by the California Syrup Co., only.

It is said that England and Germany will seek to borrow \$180,000,000 in this country in the near future. Come right along, boys! Uncle Sam has "money to burn," and the beauty of it is that every dollar of it is just as good as gold.

THE Commonwealth's Attorney for this District has not as yet availed himself of THE LEADER's columns to tell an anxious public why he set aside the election law passed by the recent Legislature. Does Mr. Davis really think he is a "bigger" man than the Legislature, or does he think THE LEADER is merely poking fun at him? If he does, he may find himself mistaken in both cases.

A DISPATCH from St. Petersburg says the Czar and Czarina are expected to reach Tsarskoye on December 30th. It would be too bad indeed if His Royal Highness and Her Highness didn't pull up in front of the Hotelcoslov in the dear old town on the date named; but then the world might survive if they bowed in the next day, which would at least mean that they got there during the present century.

A Murder Case on the Docket.

Mayking, Ky., Dec. 15.—The Perry circuit court is in session this week at Hazard. For the first time in the county's history there is not a murder case on the docket.

LISTEN, FARMERS! The Ledger Offers You a Proposition That is Decidedly Fair.

A farmer in Wisconsin says he has adopted a plan of advertising in his home paper which has saved him much valuable time and brought handsome returns for the money invested. He says—

"When I am ready to sell anything I insert a little advertisement in the local paper telling what I have to sell, and if I live stock, how many of each, and when they will be ready to ship, and the result has been that buyers are right after me, either personally or by mail, and naturally I get the highest price."

THE LEADER has such faith in the efficacy of publicity that it submits this proposition—

If any farmer in Mason or adjoining counties—either in Kentucky or Ohio—has a farm or stock for sale, the advertisement will be inserted in THE LEADER for one month if necessary.

If at the end of that time no purchaser can be found, the advertisement will cost nothing.

If a purchaser is found, the seller is to pay for the advertisement at regular rates.

Suppose you try it.

HOW IT'S BACKED.

Undoubted Reliability Is Expressed in Maysville Indorsement.

What you want is home indorsement. The backing of people you know.

Maysville proof for Maysville people. That's what follows here.

Surely no better backing can be had than the following statement from Mr. Edward Oliver of 108 West Fourth street:

"I did not require an entire box of Doan's Kidney Pills to entirely end backache which had troubled me for a considerable length of time. I procured the remedy at J. Jas. Wood & Son's Drugstore, corner of Third and Market streets, and my advice to anyone in need of a kidney cure is to try Doan's Kidney Pills and they will not be disappointed at the results obtained."

For sale by all dealers; price 50 cents a box. FOSTER-MILBURN CO., Buffalo, N. Y.
